- Drug Awareness
- Relapse Prevention
- Life Skills

In-depth look at the following areas:

Biological Factors:

- Family History
- Genetic Predisposition
- Neurochemical Imbalances (due to drug use)
- Drug Hunger
- Withdrawals

Psychological Factors:

- Emotional/Psychiatric Problems
- Distorted Thinking
- Unhealthy Thought Patterns
- Dealing With Intense Emotions (once hidden by drug use)

Social Factors:

- Cultural Influences (attitudes toward chemical use)
- Social network (family & friends who use)
- Places that trigger use
- People/Relationships That Trigger Us

*Wednesday's at The Tree of Peace
2:00 pm
(Closed Holidays)*

Whether your addiction is to alcohol, drugs, gambling, food, violence or sex, the path to recovery is the same.

One step at a time.
